LBJH Music Program - SmartMusic Practice Tool

Smart Music

This year our music program is implementing a new practice tool called SmartMusic. We have purchased three iPads and three practice room subscriptions for this software. It is my hope that with SmartMusic students will be better motivated to practice and able to understand their parts better so we can use our rehearsal time to grow as an ensemble. With SmartMusic, student practice is focused because they receive immediate feedback while listening to their performance and seeing the correct and incorrect rhythms and pitches on the screen. Students can customize the program to suit individual needs allowing students to get better faster. Students are able to hear their part in context with SmartMusic's professional background accompaniment, giving them a pitch and rhythmic reference when practicing at home.
